Florida Spine Institute is the leading, and one of most trusted, medical facilities that specializes in pain management, neurology, and surgery in Tampa Bay. Our team of highly qualified and experienced physicians treat thousands of patients every year, both from within and outside Florida. If you're in pain you need to consult the best physicians in the field. Call us today or ask your physician to refer you to Florida Spine Institute.

your back
your health

MEDICAL CARE

At the Florida Spine Institute, our board certified physicians with specialties in Physiatry, Neurology and Pain Management provide a multitude of conservative treatments to patients to help alleviate their pain.

SURGICAL CARE

In cases where non-operative approaches fail to provide relief, patients may be referred to a member of our surgical team.

THERAPY

The Physical Therapy department of Florida Spine Institute employs therapists with over 100 years of combined clinical experience.

DIAGNOSTIC

Florida Spine Institute uses the most technologically advanced equipment to pinpoint the exact cause of your pain.

your life

"I feel like a walking miracle every day now. I had a bone infection in my spine and it got pretty bad. I was in unbelievable pain and was unable to be me anymore. The whole experience was incredible. I had my surgery and everyone took such great care of me.

They are so professional and I couldn't be happier."

-- Daniel Shepherd, Tampa, FL

"I have never been treated so well in all of my life! You never want to be in pain, but if you are, going to Florida

Spine Institute will be a wonderful experience for anyone, just like it was for me."

-- Angie Long, N. Redington Beach, FL
